PROJECT

Project Wealth aims to create a mobile app that simplifies mutual fund investing for youth through *engaging simulations, educational content,* and interactive features like *quizzes, virtual portfolios,* and **challenges, making *financial literacy fun and accessible.***

APP BRAND IDENTITY

WEALTH WORD LOGOMARK

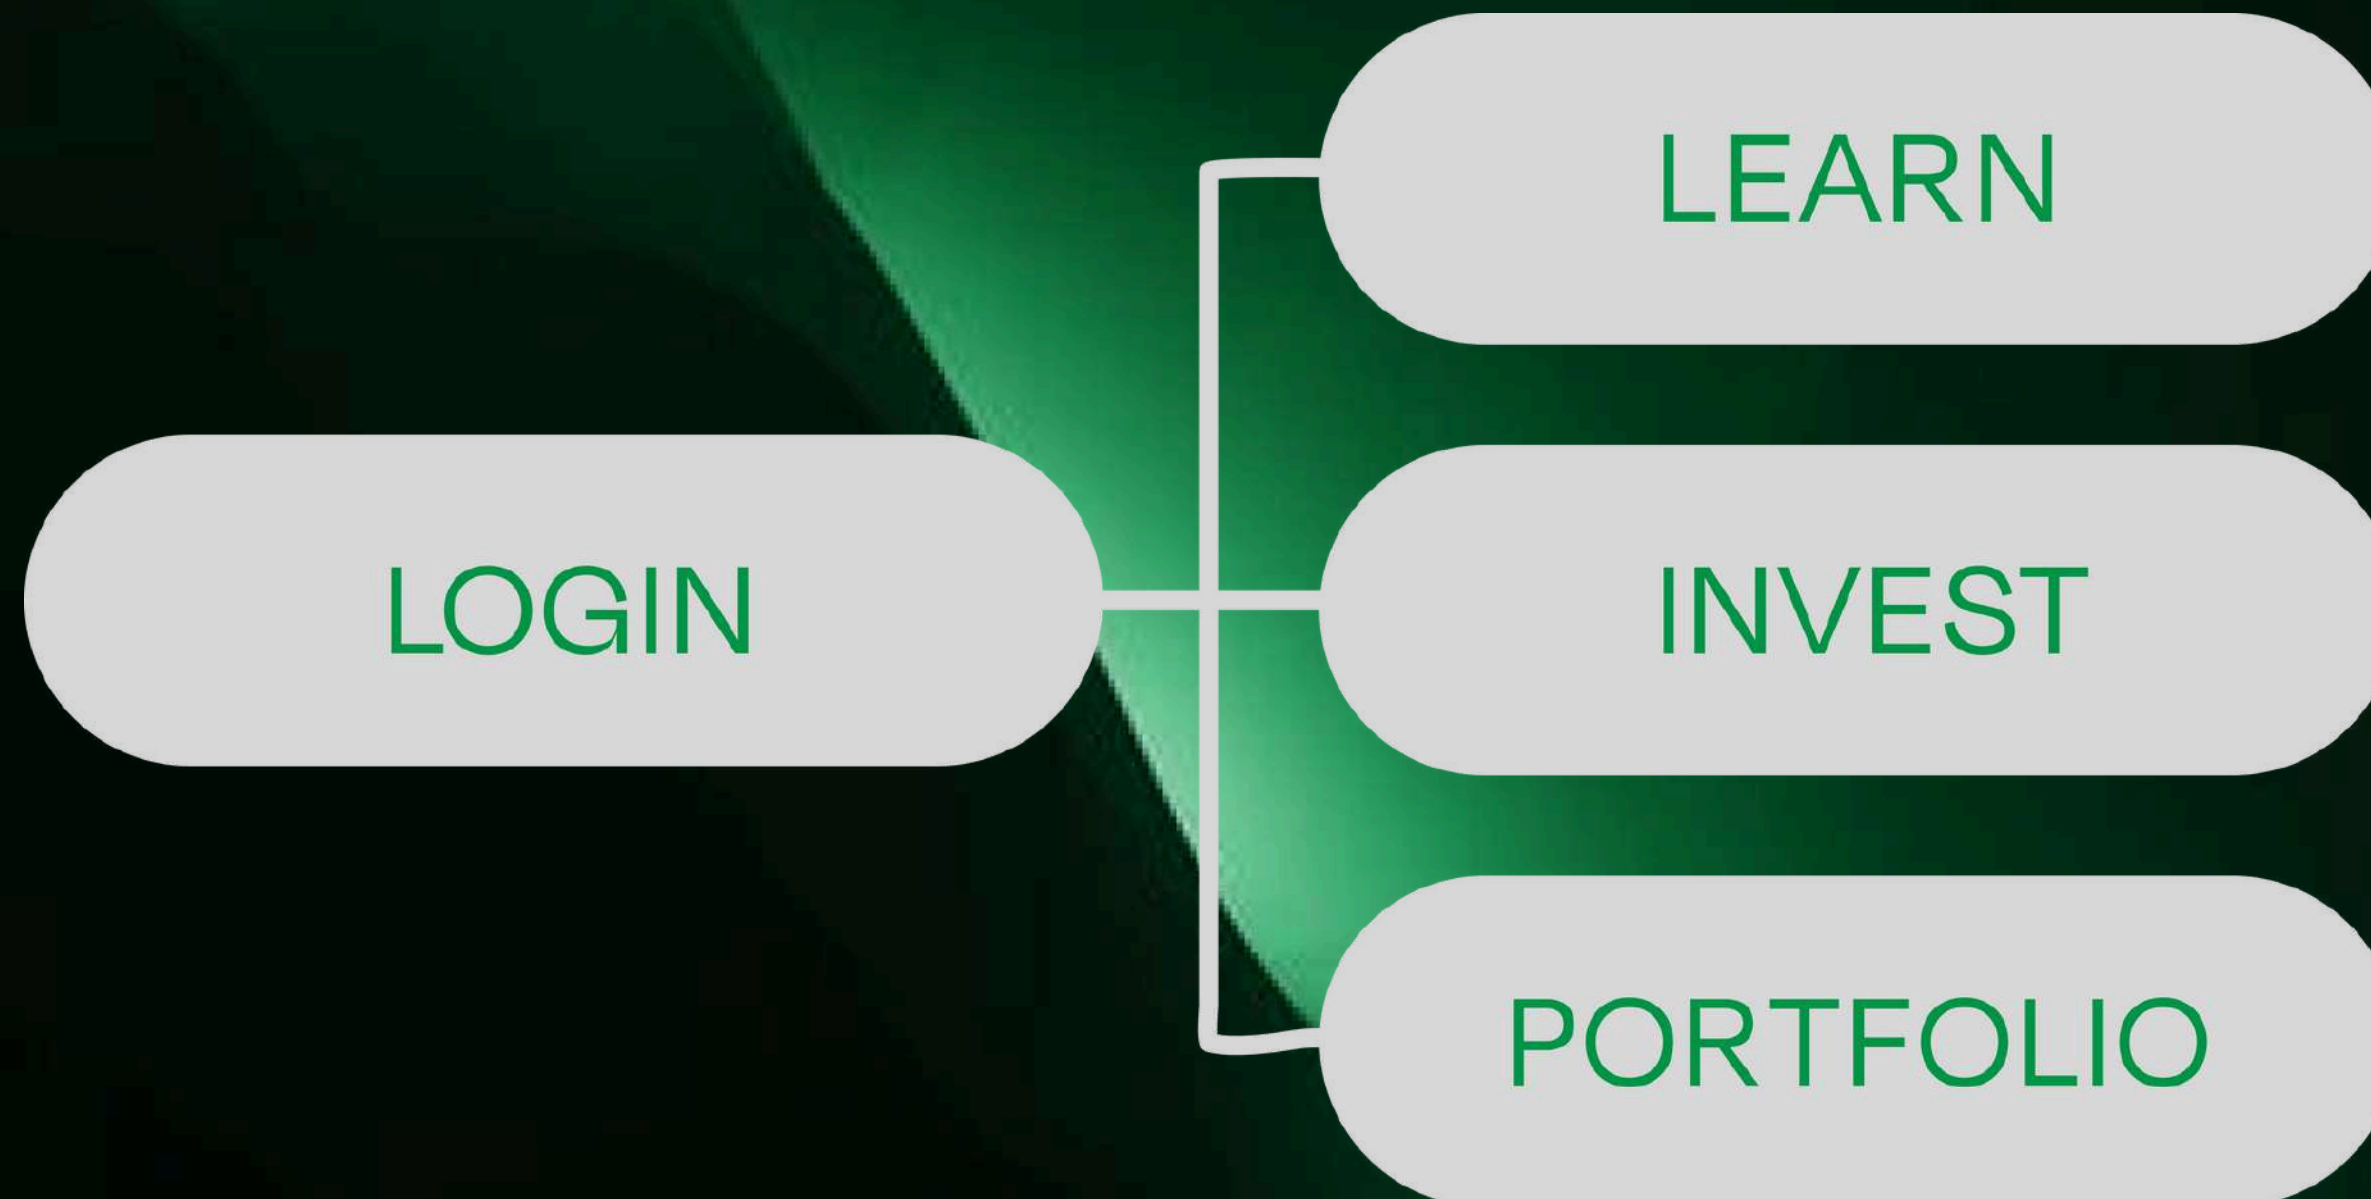

WEALTH SYMBOL LOGOMARK

The **Wealth** Symbol/Logomark features a **W** shaped symbol representing an Upward Inclining graph. The primary color we have adapted is **green**, to give a comforting and welcoming environment through our app, which will nurture the youth and help develop their financial literacy. The primary font family used is the **Degular Display** font family, primarily chosen for its professional and minimal aesthetics.

APP WORKFLOW

Initial Interface

LOG IN

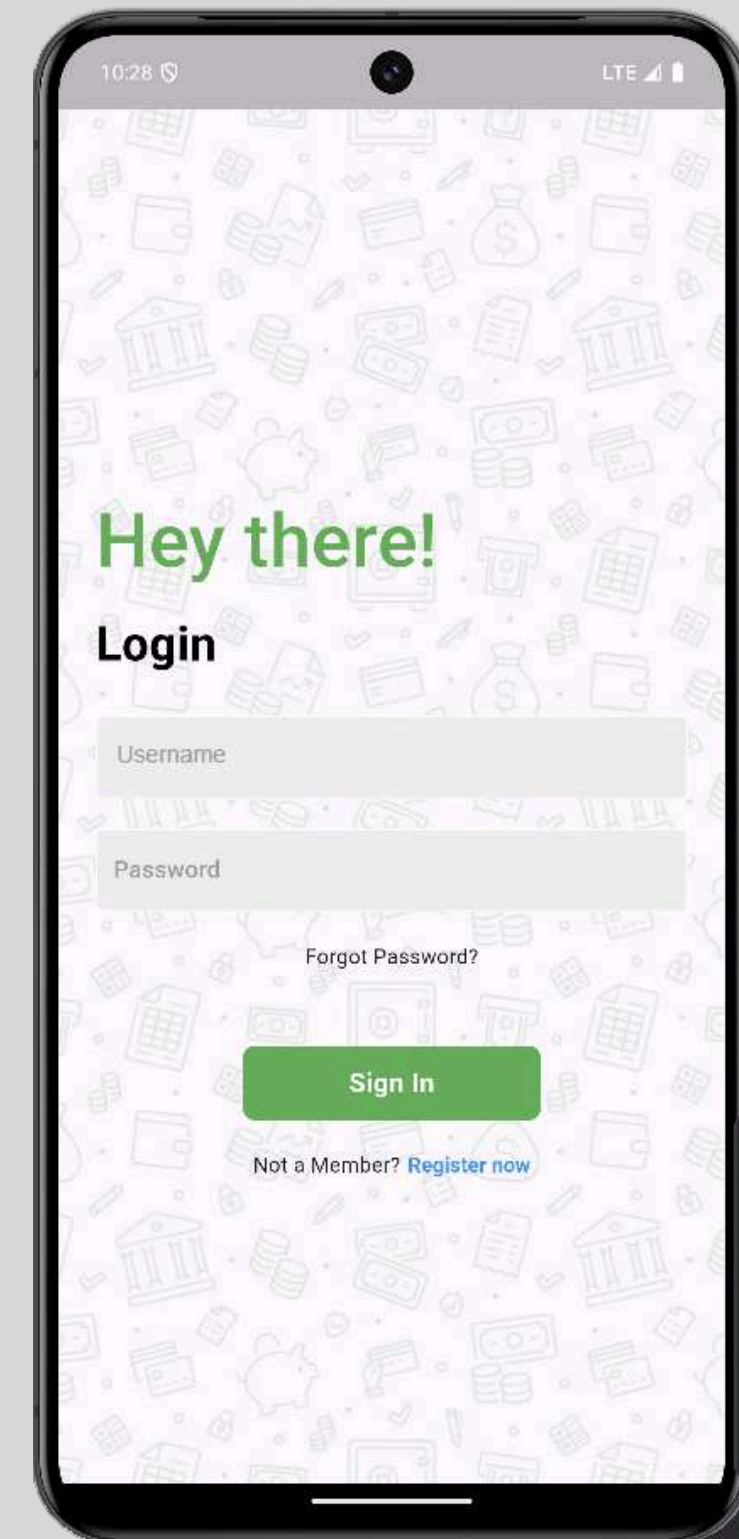

Splash Animation

Our app starts with a splash screen displaying our app **logo** and **quote** defining our aim behind it's creation.

Login Page

User sign in takes
place through
Username and
password.

I N V E S T

APP WORKFLOW – III

Invest Interface

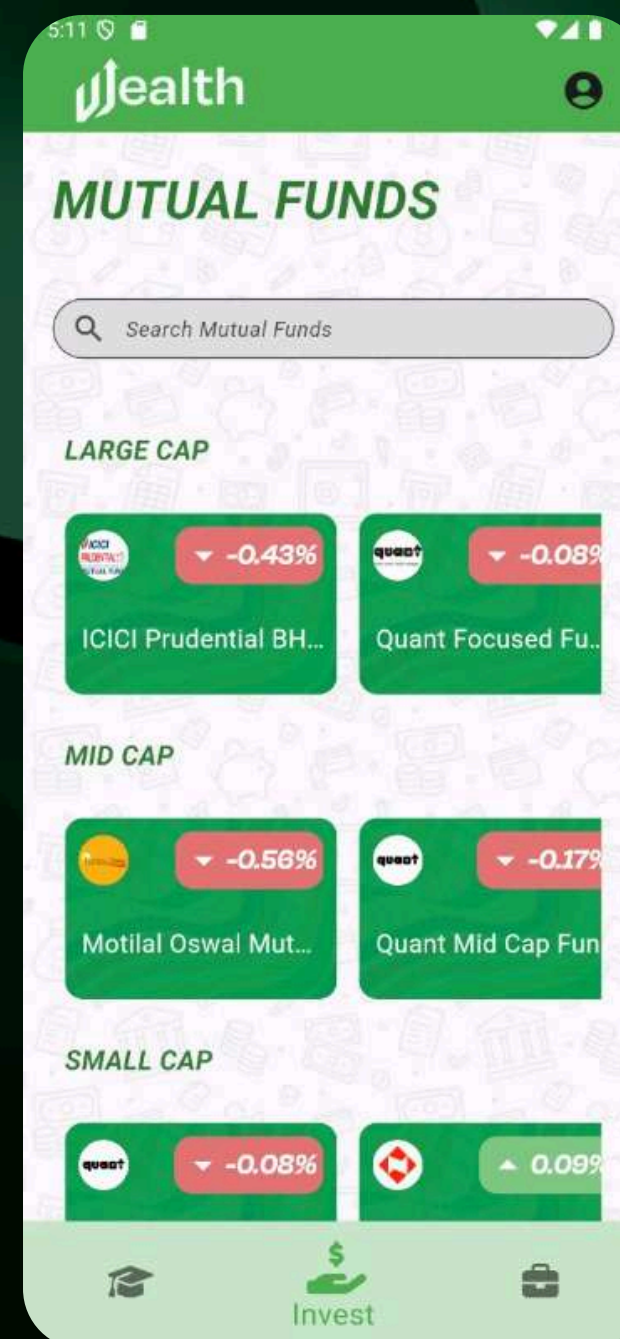

Invest Homepage

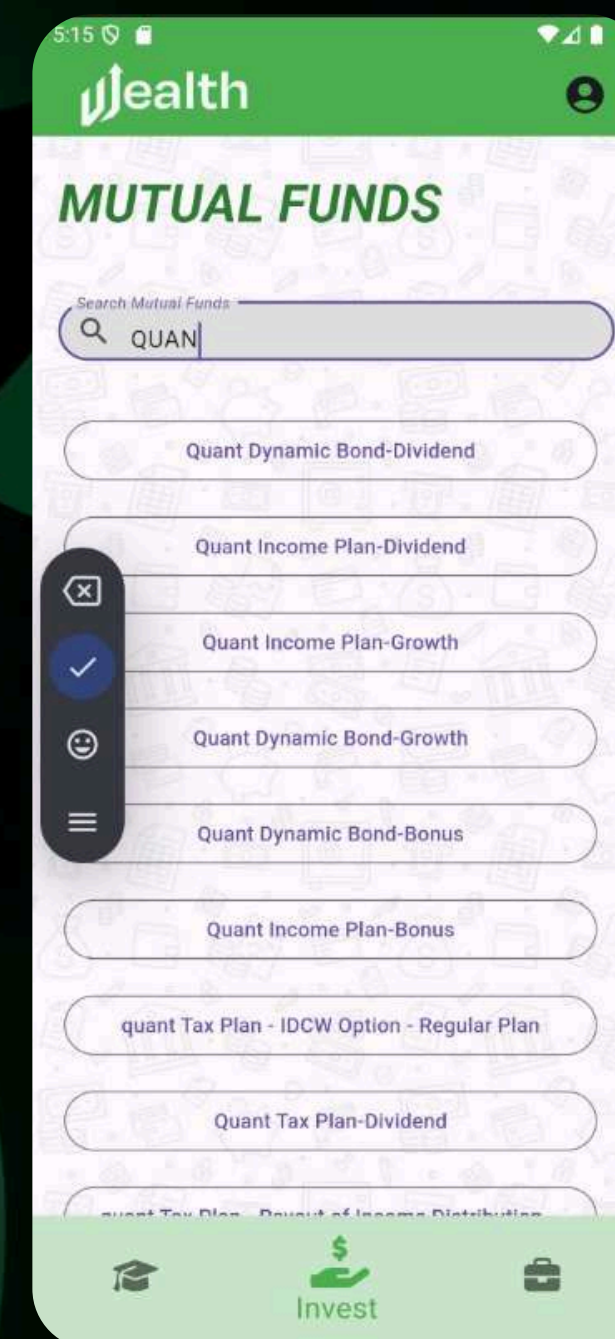

This page has the mutual funds segregated in to large cap, small cap, and mid cap. It also features a search bar to look up a specific Mutual Fund.

The data through mutual funds is fetched through **MF API**, which provides details about NAV, Scheme category, Last Updated price, and all the historical prices.

Invest Landing Page

Invest Search bar

SIP & Graphs

We have an option to enter the amount to be invested and start the sip on any specific date which we can choose through the calendar.

We have details about %up and %down alongside it's graphical trends over time.

MF Graph View

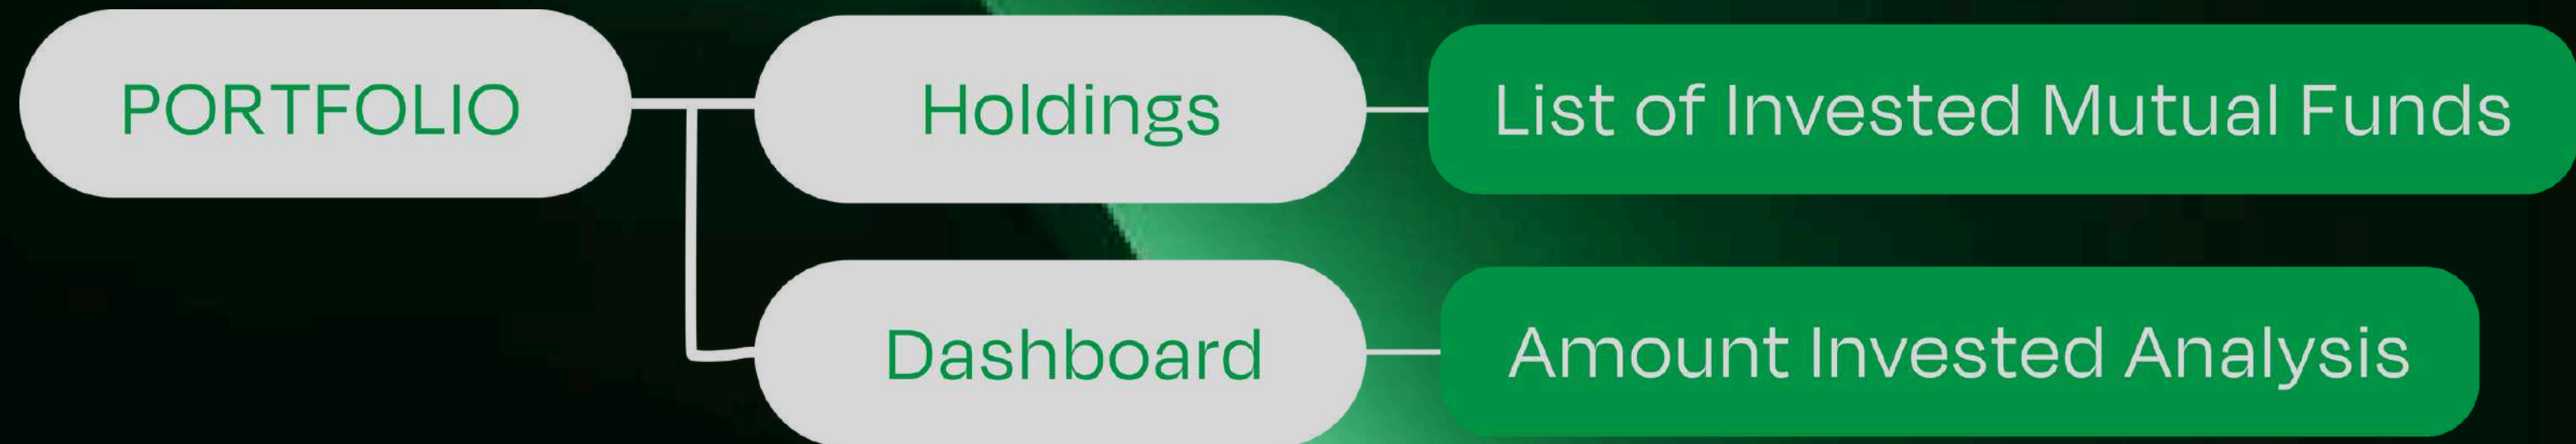

Start SIP & One-time

The screenshot shows the 'Invest in Mutual Fund - SIP' form in the JHealth app. It includes a title 'Invest in Mutual Fund - SIP', a subtitle 'Amount/Month', and a note 'Min SIP = ₹500'. There are two input fields: 'Investment Amount' and 'Investment Start Date' (with a calendar icon). At the bottom, there is a green 'Buy' button.

PORTFOLIO

APP WORKFLOW – IV

Portfolio Interface

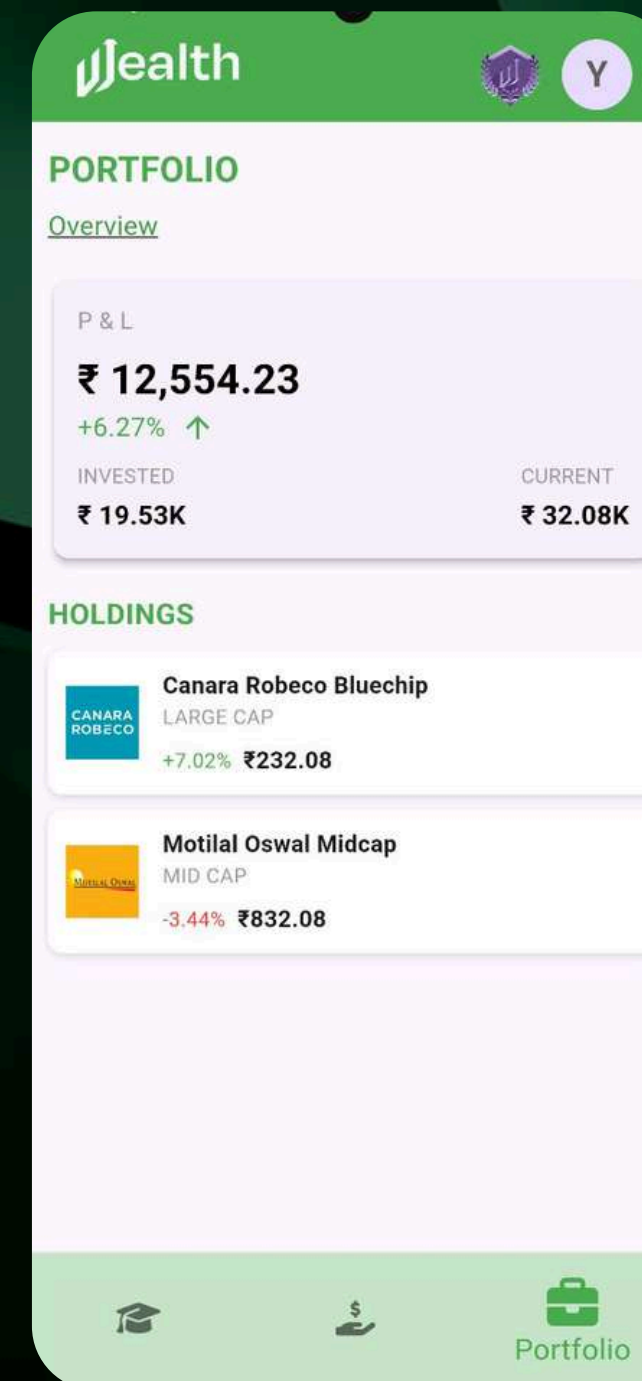

Portfolio Landing Page

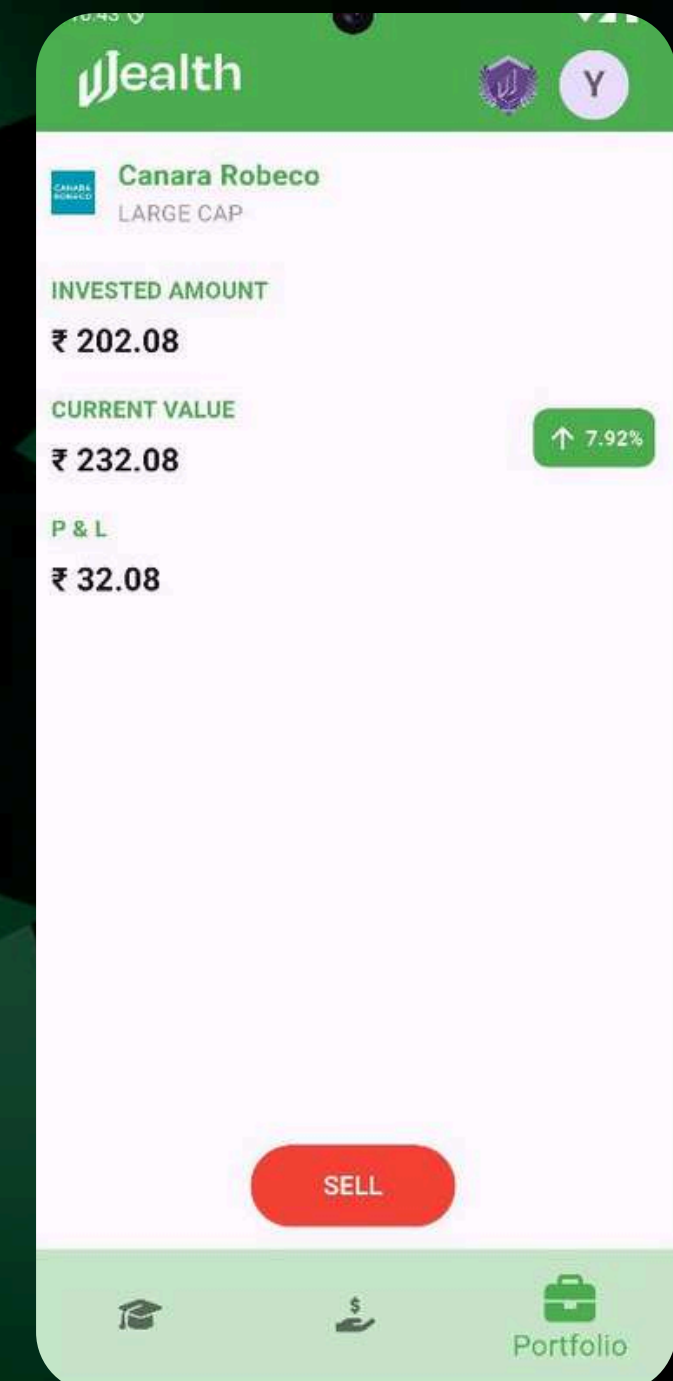

Portfolio page consists of the list of **active mutual funds** the user has currently bought.

It also displays the total amount of money invested and its **current value** based on the mutual fund trends.
